

ARE YOU A DECISION MAKER FOR A PERSON LIVING WITH DEMENTIA?

Who is Eligible?

Decision makers, such as the agent or guardian, that represent a person living with dementia in the Calgary area.

What Will I be Asked to Do?

You will be asked to attend a one time, 2-hour focus group in Calgary (north or south locations will be available). You will be asked to talk about how you make decisions and review a tool that might help you make decisions.

What are the Benefits of Participating in this Study?

It is possible by participating in this study you may gain knowledge to help you in your decision-making role for a person living with dementia.

Study Title: Exploring the meaning and impact of frailty scores for proxy-decision makers of people living with dementia. (University of Alberta Ethics ID Pro000873287)

Participation in the study is voluntary and you can withdraw at any time if you change your mind. This email is being forwarded as an invitation from the study team to contact them if you are interested. None of your personal information or contact information has been provided to the study team.
