As we reflect on the past year, we can all agree, SkyPointe has been busy! Celebrating our one-year anniversary, we have seen many **successful** programs, groups and activities.

Celebrating recreation therapy month in February, The Sunridge sunroom had opened up in July **growing** live plants and **creating** new programs, SkyHub tuck shop had its *grand opening* in August offering **exciting** vocational activities and shopping for the community to purchase various items and treats. Happy Chinese New Year! Year of the Metal Rat

Chinese New Year starts on Saturday, January 25, and begins the 15-day Spring Festival, which ends on February 11. Chinese New Year varies from year to year. The New Year is celebrated by almost one-third of the world's population. The rat is the 1st sign of the zodiac. It leads all signs.

There is a fun story about how the rat became the first animal. The Jade Emperor announced that the order of the zodiac would be decided by the order in which animals arrived. The Rat asked the Ox to give him a ride, and they arrived before the others. But just as they got to the finish line, the Rat jumped down and landed in front of the Ox! Rats are seen in Chinese culture as signs of wealth and abundance. So those born under the sign of the Rat are thought to have extremely good taste and to appreciate the finer things of life.
