## ANIMAL OF THE MONTH: DOGS

Dogs are descended from domesticated wolves. They were domesticated by humans over 15,000 years ago and have become well-suited to living among people. Selective breeding over thousands of years has resulted in a large variety of breeds that have various preferred behaviors, talents, and capabilities.

Dogs come in a range of sizes, shapes, and colors. They specialize in a variety of tasks, such as hunting, herding, safeguarding, therapy, and companionship. Popular breeds include the golden retriever, bulldog, labradoodle, German shepherd, beagle, and pug. Dogs are associated with loyalty, protection, and unconditional love—as well as just being downright adorable.

## ABORIGINAL AWARENESS WEEK

SHINING THE LIGHT ON ABORIGINAL VOICES

The Aboriginal Awareness Week Calgary (AAWC) for 2021, is focused on "KEEPING THE CIRCLE STRONG through our traditional knowledge keepers" reflecting the pride of our First Nations, Métis, and Inuit communities by taking in their rich heritage, traditions, cultures, and keepers of Mother Earth.

Traditional Knowledge Keepers encourages us to acknowledge our resilience in "Keeping the Circle Strong" for generations and continue to do so for generations to come. This theme also expresses how our traditional teachings come from Mother Earth encourages us to live a life that will inspire and produce healthy future generations.

Skypointe is shining a light on Aboriginal voices by going on an outing to the Tsuu T'ina Culture Museum. The residents at Skypointe will get a chance to learn about the Tsuu T'ina Nations rich cultural history and appreciate the mountain view while observing Chief Bullhead's original homestead built in 1902, which is located beside the museum.
